The Crib-Album Children

“ Gigantic pacifier as a bookmark to symbolize the way in witch children are kept quiet and entertained for the sake of adults.

Drawings of newborn babies on the cover of this altered interior designers fabric-sample album may mislead the casual viewer. This is not a cheerful baby- book it is a powerful statement against child neglect abuse and the practice of turning adoption into a lucrative business”.

BOOK AS ART. Anniversary Exhibition. March 10
1997. The National Museum of Women the Arts
Library and Research Center.

Mixed media book construction. 1993, 32pp, 40 x 50 cm,(15"x 19") 32 paintings and collages. Wood crib and mattress, soft sculpture pacifier.
